One Superior Standard -

Providing perfect watertight sealing of cable penetrations and pipe work on pressure and suction line systems

Premier One is a range of harmonised entry kits from Fibrelite that provide perfect watertight sealing of pipework and cable penetrations.

They are easy to install and do not degrade the structural integrity of the chamber wall.

Benefits

- Keeps water out and petrol in.
- Prevents vapour travelling into the building.
- Eliminates post installation foams.
- No sand filling in electrical chambers.
- No disposal problems of contaminated sand.
- Accommodates various sizes of pipework and cables.
- Seals can be changed from the inside.
- Used with any type of pipework.
- Hydrostatically tested to a depth of 3 metres.
- Single hole drilling installation.
